WELCOME

WE'RE DELIGHTED TO WELCOME YOU TO
THE GOATSHED!

Over the past 16 years, we've worked hard to perfect our menu of delicious farm style comfort food, award-winning selection of artisanal cheeses and our exciting range of fine wines.

Everything we do here is guided by our philosophy that fresh and homemade is always better. We aim to bring the paddock and the farm as close to the table as we can, preparing our dishes from scratch and making sure we use as much of the produce as possible with as little waste as we can manage.

FRESH AND HOMEMADE IS ALWAYS BETTER

The bread we serve you comes fresh out of our bakery oven. The wine, cheese and even wonderful olive oil is all produced directly on the Fairview farm.

We raise our own free range Angus cattle, lamb, pork and chickens.

Our vibrant garden provides us with the herbs we need for our dishes, while the bustling farm kitchen takes care of things like homemade ice teas, delicious condiments, old-fashioned jams – and even the yoghurt in our smoothies!

The Goatshed Restaurant sits at the heart of Fairview Wine Estate and supports all food, beverage, environmental and social aspects where possible. The above diagram reflects our humble network of operations that provide us with premium quality produce on our doorstep. By harvesting and borrowing from nature, our aim is always to give back as much as we can through recycling, compost,

preserving “Paarl Rock” and ensuring our local fauna & flora prosper. This system of home growing and working with internal Fairview artisanal producers allows us to minimize packaging materials, transport costs and implement better water management systems, keeping our carbon footprint as low as possible.
